TOTAL CLIMBING IN THE BOND CAMPAIGN

Third Liberty Loan subscriptions to date.....\$29,600
Number of subscribers.... 133

Sierra Madre will be all ready to do her share if the proposed increase is made in Liberty Loan quotas.

Never before has anything been seen here like the eagerness of the first rush of buyers. All of Saturday forenoon and a good share of Monday you had to stand in line and await your turn to make application at the First National Bank. All of this was voluntary buying. With the solicitors on the outside, it was much the same. One reported 13 bond buyers out of 14 prospects.

It is the aim of the committee to reach a total of \$50,000. The Second Liberty loan total was about \$42,000 and that will be regarded as the very minimum, regardless of the official quota. Oversubscribing of the quota does not mean that the energy of the campaign is to be abated one iota. There are several good reasons for keeping at it.

For one thing, it is announced the total of the bond issue will in all probability be raised from \$3,000,000,000 to \$5,000,000,000 and a corresponding increase in the quota would be made before the campaign is over.

For another thing, the number of bond buyers is not nearly so large as it should be. It is the heartily expressed wish of President Wilson and Secretary McAdoo that distribution of the bonds be made just as wide as is possible. Many individuals have not yet bought at all or in proportion to their known ability, and it is these who must be reached.

Distribution Committeemen are expected to continue their efforts to get every person assigned to them on record, either as buying or refusing. Various excuses have been encountered for not buying, especially that of having bought elsewhere. In such cases the solicitor is expected to report the amount and place where the subscription was made. When informed of that fact, in at least one case, the prospect admitted that the alleged subscription had not yet been made, and finally decided to buy bonds in Sierra Madre.

Volunteer purchases are still urged, to save the time and energy of the committee, which has its hands more than full.

There is still a supply of the Honor Flags for homes on hand at the bank, but the supply of buttons ran out here as well as in Los Angeles. More have been ordered by telegraph and will be given to all receipt holders upon arrival.

Don't be too modest to wear your Liberty Loan button, if you are fortunate enough to have one. It is a badge of honor and not in any sense a display of your wealth. It will help to advertise the Loan campaign and will save solicitors the trouble of trying to sell you bonds.

Mrs. W. J. Saunders, Mrs. Frank J. Hart, Mr. and Mrs. E. E. Jones and daughter Billie of Los Angeles, motored to San Bernardino to witness the So. Cal. high school track meet. Pasadena high school won a silver cup, medals being awarded to Kenneth Saunders in the 880 and to Harold Hart in the relay.

MANY RESERVATIONS FOR TRIPLE ATTRACTION

Reservations for the dinner-dance and vaudeville on April 19th at the Woman's Club are said to be coming in so rapidly as to make delay dangerous for those who expect to attend.

Every effort has been made by the committee to provide a high class program. By special arrangement little Dorothy Warren of Los Angeles will be featured in several character songs and dances, an attraction in itself said to be worth the price of admission.

In addition to talent listed last week there will be whistling solos by Miss Nina Kellogg, and songs by the Happy Trio, Misses Elsa Krafft, Dorothy Camp and Blanch Isenhauer, and by the well known Sterling Four of Los Angeles, Messrs. Lloyd, Paul, Clapp and Miller.

Tables for diners will be arranged in the auditorium and parlors will be left clear for the dancing. The dinner menu will include: fruit salad, chicken pie, mashed potatoes, peas, olives, jelly, bread and butter, coffee, ice cream and cake.

Cigars and pop will be on sale. Table reservations may be made by calling Green 135 and must be secured by April 15th.

RED CROSS NOTES

As members of the local chapter will be largely engaged by the Wistaria Fete at the Fennel home during the next ten days, the Thursday luncheon in the chapter rooms will be omitted next week. It is expected they will be held regularly thereafter.

Miss Florence Vannier, chairman of the tea room committee, has just turned over to the treasurer \$57, being the net proceeds of recent luncheons.

A few plates taken away by purchasers of food at the recent cooking school have not been returned. It is desired that they be brought to the chapter rooms at once.

Membership total has now reached 960. How long till it is 1,000?

NEW MOVIE MACHINE AT THE CLUB HOUSE

Better films and better projection are promised by the Woman's club motion picture committee. A new machine has already been installed and after next week two shows a week will be given, on Wednesday and Saturday nights. Such stars as Douglas Fairbanks and William S. Hart are also promised in the list of higher grade films to be shown. A uniform price of 11 cents is also announced by the management in the effort to make the shows more popular.

The Australian wheat crop for the season of 1917-18 is estimated at 114,020,000 bushels, compared with last year's yield of 152,565,000. The 25 per cent decrease is a result of reduced acreage and unfavorable conditions.

PASADENA'S FLOWER SHOW THIS WEEK

W. W. Felgate is about the busiest man in the county this week, by reason of being manager of the Pasadena Flower Show which is in progress at Hotel Green. It is said to be a very fine exhibition. The proceeds go to charitable purposes. The exhibition is given by the Pasadena Horticultural Assn., of which Mr. Felgate is president this year. He is the first man to hold that honor in addition to that of president of the County Horticultural Society.

Mr. Blumer's rainfall record for a period of twenty-nine years

constitutes one of the most remarkable tabulations to be found in Southern California. It is doubtful if there is another private record equal to it. It is looked for eagerly every year by local citizens and the News receives requests for copies of it from all over the country from

people who have heard of it in one way or another.

Mr. Blumer's record for the current season shows a total of 21.65 inches. This is some under the average amount received up to the end of March which is 23.43 inches. The table shows, however, that the average rainfall for April has been 1.20 inches and for May 1.02 inches. The highest total recorded for April and May was in 1911-1912

when 5.88 inches fell, while in some seasons the rainfall after the first of April was very slight. The record for the current season to date follows:

Oct., 1917	.36
Nov., 1917	.03
Dec., 1917
Jan., 1918	.29
Feb., 1918	9.36
March, 1918	11.11

WHAT SHOULD BE DONE UNDER NEW WHEAT SAVING RULES

Explained by Federal Food
Commissioner Merritt

NEW FOOD SAVING RULE FOR EACH PERSON

Do not eat more than one and one half pounds per week of wheat or wheat products in any form whatever. Use potatoes, fresh vegetables, corn or barley flour in place of bread.

By RALPH P. MERRITT
Federal Food Administrator for California.

The new rules for saving wheat just issued, and effective immediately, were called a military necessity in the formal announcement. The fact is more than that. It is almost a matter of life and death to America; a matter of victory or defeat. Our supply of wheat has become alarmingly short and there is no relief in the situation for five months, or until the next harvest. After April 1 there will only be available in California six pounds of wheat flour and wheat products combined for each person. If you eat more than your share you are depriving someone else of his or her rightful share.

This situation puts it squarely up to the people of every state in the union whether they will deny themselves their wheat dishes or will force America on bread rations and the allies to still greater suffering than they are now undergoing. It is the voluntary saving on the part of the individual which will give the answer to this question of life and death. This saving is the acid test of your patriotism.

Briefly the new rules provide that no person should eat more than one and one half pound of wheat in any one week. If your daily breakfast food contains this quantity of wheat or wheat products you have consumed your wheat rations, and should not eat other wheat in ANY SHAPE OR FORM.

We now have a fair supply of corn and oats for human consumption and these should be used as substitutes for wheat in every case where it is possible. There are also great quantities of potatoes and fresh vegetables. It is the urgent request of the U. S. Food Administration that every individual give up every bit of wheat or wheat product food and in their stead use vegetables or potatoes or corn or oats. Only by doing this can we be assured of doing as effective work behind the trenches as the soldiers are doing in them.

Many people imagine that the consumption of an ounce or two more or less each day will make but little difference in the sum total of what we must have, but if that 100,000,000 people each saved one pound of wheat per month, in addition

URGENT CALL FOR HOSPITAL GARMENTS

Red Cross Workers are Asked
to Make Special Effort on
Rush Order

Miss Jean Woodward of the Red Cross Work Committee reports that an urgent call has been received for 200 cotton flannel bed shirts of a new type. The garments are made so they can be opened along the sides, sleeves and shoulders.

Material has been cut out, ready for the seamstress. All who can take them home for completion are urged to do so. If the chapter fills its quota as promptly as it always has in the past, very rapid work will be necessary.

A nation-wide organization of merchants is being made to promote sales of war-savings securities in dry goods and department stores.

tion to their present reduced consumption of wheat, what a tremendous saving would be effected. It is therefore squarely up to every individual whether we will show our patriotism as a nation or not.

Our country population is more skilled in the preparation of breads from the substitutes than are those who live in the crowded cities. We now have available a surplus of potatoes and vegetables and it is the urgent request of the Food Administration that everyone use potatoes and green vegetables as well as meat, and eliminate wheat and wheat products from their menu as much as possible. Corn and oats may also be used but the drain on rye and barley has already greatly exhausted the supply of these grains.

To effect the needed saving of wheat we are wholly dependent upon the voluntary assistance of the American people and we ask that every household use not more than one and one half pounds per week of wheat products per person. This means not more than one and three fourths pounds of victory bread containing the required 20% of substitutes and about one-half pound of cooking flour, macaroni, crackers, pastry, pies, cakes and wheat breakfast cereals all combined.

There is no limit upon the use of other flours but instead of using them the U. S. Food Administration again urges the substitution of potatoes and fresh vegetables.

Many thousands of families throughout the land are now using no wheat products whatever except a very small amount for cooking purposes, and are doing so with perfect health and satisfaction. There is no vital reason why thousands of others cannot do the same.

With the arrival of the new harvest we should be able to relax such restrictions but until that time we ask for the necessary patience and sacrifice by the people.

BUSY WEEK FOR MASONIC LODGE

Degrees Conferred in Rapid Fire
Fashion—Big Doings
Tonight

Sierra Madre Lodge No. 408, F. & A. M., is having about the busiest week of its history and is establishing a new record in one respect at least.

On Tuesday night Lieut. G. K. Whitworth and G. K. Bourke were initiated as Entered Apprentices. Lieut. Whitworth returned from his officers training course at Fortress Monroe, Va., last Saturday and had only one week's leave at home. Consequently, it was desired to complete the conferring of the degrees this week. With that in view it was arranged to confer the Fellowcraft degree last night and raise him to the degree of Master Mason tonight. In view of the unusual circumstances it is expected the ceremonies this evening will be very impressive. All the principal officers are expected to be filled by past masters of the lodge, a number of visitors being expected for the occasion.

PROPHETS PLANNING SPRING CEREMONIAL

Jinnistan Grotto No. 76, M.O. V.P.E.R., will hold a grand ceremonial at the Gamut Club, Los Angeles, on the evening of Saturday, April 27. Monarch W. T. Osterholt sends out an elaborate announcement beginning in the following breezy style:

"It's that time of the year, Prophets, when the Birds Sing, the Flowers Flower and the Bees Bee. Leave the latter alone or you might get Stung, but you can't sting your Master Mason friend by bringing him to the Grand Ceremonial." A whopping time is promised, including a fine feed.

WISTARIA BLOOMING BEHIND SCHEDULE

Although hundreds of visitors are coming daily to see the fine Wistaria vine at the Fennel residence, and the Red Cross ladies and Dickens Fellowship are all ready for their part of the fete, the vine has refused to bloom on schedule. Within a few days it is expected it will be in the height of its glory.

CITIZEN'S TICKET ELECTED ON MONDAY

HOW CANDIDATES RANKED
(Names of men elected printed in bold faced type.)

Trustee, Long Term—

Robert Mitchell	512
T. M. Webster	370
D. F. Morton	225
J. R. Oastler	20
Trustee, Short Term—	
W. J. Saunders	343
W. A. Evans	221
City Clerk—	
E. F. Ballou	347
Louis Dietz	227
City Treasurer—	
C. J. Pegler	308
Mrs. Hulda Ingraham	271

Election day on Monday was one of the most exciting in the history of Sierra Madre, though without the show of feeling that has marked some previous elections. The interest resulted in an exceptionally large vote, coming within about 100 of the total registration, which was 699.

It was a complete and clean-cut victory for the Citizen Ticket. The margin was as great as to leave no room for ifs or ands. Mrs. Ingraham ran far ahead of the rest of the Good Government ticket, but still lacked 37 votes of that received by Mr. Pegler.

Although the new board of trustees will not meet to organize until after the votes are officially canvassed by the present board, it has been the popular assumption that the town would be honored with the choice of Col. Holabird as chairman of the board, more frequently designated "mayor." In all his distinguished career this will be the first elective office ever held by him, though he was once elected to an office in San Diego without his knowledge and never qualified.

School Election

Mrs. A. F. Snell was elected to the office of school trustee by a vote about as nearly unanimous as ever happens. The total vote was 128, and Mrs. Snell received something like 125 of them. That she will prove to be a valuable member of the board cannot be doubted.

NEWS OF THE BOYS WITH THE COLORS

Lieut. George Whitworth expects to leave on Saturday for San Francisco to take charge of a mine laying boat in the coast defence service.

Norman T. Olsen who went to Camp Lewis recently was assigned to the 6th Battalion, 166th Depot Brigade.

Raymond Andrews who has been stationed with the Marine guard at Mare Island for several months, passed through Los Angeles Tuesday on his way to Quantico, Va., where he will enter the officers training camp. Mr. and Mrs. Andrews enjoyed a visit of several hours with him.

Private Paul Carter spent the weekend with his mother, Mrs. A. N. Carter, who left this morning for Blythe.

Sierra Madre friends of Rev. W. H. Hannaford will be interested to know that he has accepted a call to the pastorate of Logan Heights Congregational Church at San Diego, beginning his new work on Easter Sunday. Dr. E. E. P. Abbott who was pastor of the Sierra Madre church in the "nineties" is pastor emeritus of the San Diego church.

Statement of the Ownership, Management, Etc., Required by the Act of Congress of August 24, 1912, of The Sierra Madre News, published weekly at Sierra Madre, Cal., for April 1, 1918.

State of California, County of Los Angeles, ss.

Before me, a Notary Public in and for the state and county aforesaid, personally appeared George M. Morgridge, who, having been duly sworn according to law, deposes and says that he is the publisher of the Sierra Madre News, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor and business managers are: Publisher, Editor and sole manager, is George B. Morgridge, Sierra Madre, Cal.

2. That the owner is George B. Morgridge, Sierra Madre, Cal.

3. That the known bondholders, mortgagees, and other security holders owning 1 per cent or more of total amount of bonds, mortgages, or other securities are: None.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the names and addresses of the owners, stockholders, and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

GEORGE B. MORGRIDGE.

Subscribed and sworn to before me this 25th day of March, 1918.

Will You **HELP** Bring Back The Boys of This Community?

Our boys, the boys from this town and this county and this state, are fighting the Huns. They are in the trenches in France, they are sailing the U-boat-infested seas, they are going "over the top" in the face of German cannon and machine gun fire.

Many, many more of our boys are now training and will soon be in France, and more are yet to be called.

And, remember, these are our boys; those who are near and dear to us. They are doing their ALL. They are giving their ALL. They are prepared to make the extreme sacrifice that our homes, our town, our nation, may escape the ravages of the Hun.

We want them—one and all—to come back to us—

Will You Help to Bring Them Back?

Will you help to provide them with the things they need, with clothes and food and munitions, that they may complete as quickly as possible the terrible task assigned to them?

Will you support our boys while they are fighting for us, fighting the German autocracy that seeks to destroy our ideals of liberty and justice?

Compared to their heroic sacrifice our part is but small—that of providing the funds to keep them equipped; to build and man the ships that will transport their food, their clothes, their guns and their ammunition, and to pay for these things.

Yes, we, the people of this community, will support our boys.

We will do it by buying bonds of the Third Liberty Loan; by buying all these bonds we can; by making such sacrifices as are necessary to do this. That will be our support for Our Boys.

BONDED DEBT COMPARISONS

A comparison of the outstanding bonded indebtedness of the cities in Los Angeles county, made for the fiscal year ending June 30, 1916, and June 30, 1917, shows a slight decrease for the latter year.

The total of bonds outstanding, 1917, was \$48,497,833.75. Bonds outstanding, 1917, amounted to \$48,439,285. The total increases during the year came to \$1,189,135, and the total decreases to \$1,247,683.75. The net decrease was \$58,548.75.

Only five cities increased their bonded indebtedness during the year. These were Alhambra, Claremont, Eagle Rock, Manhattan Beach and Santa Monica. All other cities show decreases. Los Angeles had a decrease of \$1,073,312.50.

From the foregoing it appears that the rush to issue bonds has somewhat subsided. The people are becoming better acquainted with the economic significance of the bonding habit, and the present tendency is to scrutinize municipal projects more closely before issuing bonds. During the war period no bonds should be issued, except for the most imperative purposes, such as the Monrovia water bond project to be voted on April 23.

The bonds outstanding, city by city, June 30, 1917, together with exact amounts of decrease or increase, are here shown:

CITY	TOTAL	INC. or DEC.
Alhambra	531,700.00	Increase \$ 329,175.00

SUPERVISORS CHANGE WEEKLY CALENDER

Acting on the suggestion of Chairman John J. Hamilton, the board of supervisors recently decided to meet, until further notice, on Mondays, Wednesdays and Fridays, making it possible to secure board action on any question at any time on twenty-four hours' notice, and enabling the supervisors to hold weekly conferences with department heads with a view to coordinating all county activities. Because of this change, Chairman Hamilton's "district day" has been changed for the present from Friday to Thursday. On this day, once a week, Mr. Hamilton visits points in his district requiring special attention.

HEALTH REGULATIONS

Attention is called to the following regulation of the State Board of Health:

"Any person in attendance on a case of chickenpox, measles, German measles, mumps, whooping cough, or acute lobar pneumonia, or a case suspected of being one of these, shall report the case in writing immediately to the local health officer."

All persons having or suspected of having any of the above diseases must be kept at home.

SALUTE

Sunday afternoon saw a big crowd at Lincoln Park in Los Angeles. All over the park, on the lawn and under the trees, the crowd was scattered, enjoying the glories of a real California day. The band was playing, and a man with a voice for such an occasion, brought the enthusiasm of the crowd to a high pitch by singing the Marsellaise. It was all highly inspiring. There was mighty little suggestion in that calm scene of the war-torn condition of the world, only a soldier or sailor uniform here and there on the lawn as the boys were enjoying their leave. And then the band started to close its program with The Star Spangled Banner. Instantly, all over the park, every man in uniform was on his feet, facing the music, and stood rigid at salute during the playing of the entire national anthem. It was a simple thing, but one would go far for a heart thrill to beat that of those uniformed figures scattered about the park.

HOW TO MAKE YOUR BONDS COUNT

If you will buy Liberty Bonds and War Savings Stamps, not out of what you have accumulated but out of what you are going to save from useless expenditures cut out, you will perform a double service for Uncle Sam as well as for yourself.

MAKING IT A DEMOCRATIC ARMY

More and more it becomes apparent that the Liberty Army is to be, fittingly, the most democratic army the world has ever seen. Various factors are helping to make this true. Among them is the constant shifting of men from the draft units to the national guard and regular army branches and the assignment of young officers from the training camps to all branches. So successful has been the progress of the development of the draft army that there is little or none of the old feeling that there might be some stigma attached to the status of the drafted men. Before the war is over it will be impossible to tell one class of men from the other.

KEEP YOUR BONDS

Selling of Liberty bonds because of doubts as to the safety of the investment is so rare as to be negligible. The American people are coming to realize that if their Liberty bonds are not good, no other investment would be worth holding onto.

The real difficulty is to persuade some people that it is as much their duty to hold their bonds as it is to buy them. There are professed patriots who buy bonds for the sake of making the showing, then sell them at the very first opportunity. Those fellows ought to be listed along with other slackers. The very purpose of raising war funds by bond issues is defeated if the widest possible distribution is not secured and maintained. Of course there are unforeseeable emergencies which make the sale of bonds or any other assets imperative, but the slackers should not be allowed to use such an excuse falsely.

HARMONY

There appears to be no reason why the administration of local affairs should not go forward with the utmost of harmony and good will. "All in it and over the top" for a bigger and better Sierra Madre.

IRELAND

The Irish question is a puzzle to most Americans, due largely to lack of complete or accurate information. The demand for "home rule" sounds plausible enough, but most of the present furore is merely camouflage for an attempt to secure Irish independence. The real attitude of the Sinn Feiners is shown by some clippings from Irish and British papers brought in by a good Irishman who is also a loyal American. Among other facts revealed are these:

The Stars and Stripes were torn to shreds and set on fire by a crowd of Sinn Feiners at Eyre Square, Galway.

No American sailors are allowed on shore at Cork, owing to the shameful attacks made on them by Sinn Feiners while visiting the city.

The Sinn Feiners openly declare themselves allies of the Kaiser and cheer his name at their meetings.

In the light of these incidents it is not a pleasing prospect, that of having an Irish republic in alliance with the kaiser lying between Great Britain and the United States.
